REEF

LUXURY DEVELOPMENTS

ABOUT

At REEF Luxury Developments, we redefine luxury living in Dubai by blending innovation with practical solutions. Our commitment to excellence delivers high-quality, elegant homes that integrate thoughtful practices with timeless design.

We create vibrant, connected communities that offer exceptional value. Aligned with HH Sheikh Mohammed bin Rashid's vision of positioning Dubai as number one across all sectors, and in accordance with the Dubai 2030 vision, which emphasizes innovation and technology, we have unveiled our pioneering Climate-Controlled Sunken Balcony.

This patented concept, the first of its kind globally and initiated in Dubai, merges innovation with luxury and value.

At REEF Luxury Developments, we are crafting interconnected, vibrant, and practical communities, enriched with lush amenities and a variety of sports activities.

OUR VISION

Our vision is to shape future communities that stand as symbols of innovation, convenience and simplistic designs.

OUR MISSION

Transforming everyday life by integrating innovative and seamless design into every home we build by setting the highest standard of living.

OUR INVESTMENT APPROACH

Our approach is designed to significantly impact the real estate market by launching unique projects within rapidly developing communities. We are committed to ensuring both an exceptional living experience and a high return on investment (ROI) for our buyers. We are excited to lead the way in shaping vibrant communities that enrich the quality of life for all residents.

A testament to our dedication to innovation is the successful launch of REEF 1000, which features our groundbreaking, patented Climate-Controlled Sunken Balconies. This one-of-a-kind feature set us apart in the industry, establishing new standards in real estate and demonstrating our unwavering commitment to excellence and forward-thinking design.

CEO MESSAGE

"Our projects deliver an exceptional experience and investment value by maximizing livable space and integrating innovative design elements, tailored to the modern lifestyle. We believe luxury living should transcend aesthetic appeal to include functionality and sustainability. The Climate-Controlled Sunken Balconies and Winter Gardens are a testament to our commitment to enhancing the quality of life for our residents."

Samer Ali Nasser Ambar
CEO and Co-Founder

CEO PROFILE

Samer Ambar is a highly regarded CEO in the real estate industry, known for his innovative approach to property development, investment strategies, and leadership. With over two decades of experience, Samer has consistently demonstrated an ability to adapt to market shifts and capitalize on emerging trends in both residential and commercial real estate. Under his stewardship, many companies have been founded and grown to become a market leaders in their field.

Samer attended the University of Dubai, where he earned a bachelor's degree in Banking and Finance, followed by an MBA from London Business School. During his time at London Business School, he focused on Private Equity, Management and Finance, gaining a strong foundation in both the financial and operational aspects of the industry.
